Highlights of the 2014 Narragansett Council Merit Badge College.

EXPLORE LEARN ACHIEVE

Join us for the **10th Anniversary** of the Merit Badge College! **New** offerings this year include **Game Design, Programming, Search & Rescue and Sustainability.**
*Please note that this list is subject to change. The course listing online will always be the most up-to-date and is the only official listing. Registration opens November 1st and many classes will fill up quickly. Avoid dissapointment and select several class options in case your first choice is unavailable. Please read the Merit Badge Pamphlet and be aware of pre-requisites.Check www.narragansettbsa.org/mbc for the most up-to-date information.

Age Guide: Due to the amount of material to be covered and the advanced nature of the work, classes designated as HS are appropriate for Scouts in the 9th grade or higher. Classes designated as G are appropriate for any Scout.

Schedule Code: AD indicates that the class is offered as a full day event. AM or PM indicates that the class is a half day event, offered in the morning and/or afternoon as indicated. T indicates Training. The scout can choose either session, space allowed.

Prerequisites are those requirements that the counselor requests be accomplished prior to class. These requirements will be discussed in class but passage may depend on the prior work. No one is turned away for not complying, but in order to get the most out of the class, the scout should make every attempt to do this.

Not Teaching indicates requirements that will not be discussed in class and that it does not matter when the scout completes them. These typically include field trips, surveys, and activities not conducive to the MBC setting.

What You Do, Is Who You Are. Be Excellent!
All Scouts should acquire and read the MB Pamphlet to prepare for the MBC.
