

Adventure Card Family Report

The new Adventure Card is \$48 for Cub Scouts and Scouts BSA. Adults in those programs and all member of Venturing and Sea Scouts are \$12 a year. This program caps at \$100 per household. Please help us identify families with multiple registered members so that we can help keep their Scouting adventure affordable.

Please list any members in your unit who have family currently registered in Scouting.

Adventure cards will be calculated starting with the youngest family member and paid in the unit where that member pays their fee. (Fees will be calculated with the expectation that the youngest members will pay, and the discount will be calculated off the eldest Scouters.)
